HERE'S WHY ROGERSOL 1-2-3

ROGERSOL 1 Loosens dried ink pigment from deep pores and surface of rollers.

ROGERSOL 2 Holds in suspension all ink particles and gum arabic, residue from previous color.

ROGERSOL 3 Carries off suspended solution, removes moisture, restores tackiness and, life to rollers, readies press for next color. Also excellent BLANKET wash.

IS THE FASTEST, MOST THOROUGH EVERYDAY PRESS WASH YOU CAN USE!

Adds Cutter

Houston American Underwriters, Houston, Tex., recently added a Challenge cutting machine, installed by E. C. Palmer & Co., of that city.

WALL PAPER

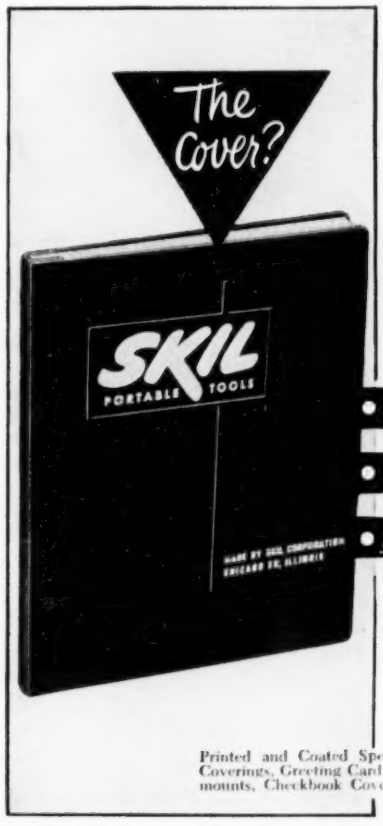
(Continued from Page 43)

Inks (Basic ingredients) — Sinclair & Valentine, Gans Ink Co.

Ink-matching — Accomplished in Griffin-Patterson's plant by David Horowitz and William Hickerson.

Griffin-Patterson also arranged for the binding of the job and assembled the books for the customer. The finished books are 28½" x 18".

The printing firm will complete its 30th year in business next March, Mr. Griffin reports. It now does an annual volume of about $750,000 in offset and letterpress. The offset department produces publication and commercial printing and the letterpress department specializes in monthly publications and catalogs. Camera and platemaking facilities are operated. About 30 people are employed. The firm operates Glendale Printers, 544 West Colorado Blvd., Glendale 4, Calif.★★



Marvellum, of course

• MARCO (Soil resistant)
• MARVELHIDE
• MARVELLEATHER
